## User's Guide

In order to assist both the legal profession and the layman in obtaining the maximum benefit from the Mississippi Code of 1972 Annotated, a User's Guide has been included in the main volume. This guide contains comments and information on the many features found within the Code intended to increase the usefulness of the Code to the user.

### Annotations

Case annotations are included based on decisions of the State and Federal courts in cases arising in Mississippi. Annotations to collateral research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that are read to create annotations for this publication. Rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases, as they are posted online at LexisNexis, is that the most recent cases annotated may not yet have print reporter citations. These will be provided, as they become available, through later publications.

This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals and decisions of the appropriate Federal courts. These cases will be printed in the following reporters:

Southern Reporter, 3d Series  
United States Supreme Court Reports  
Supreme Court Reporter  
United States Supreme Court Reports, LexisNexis Edition, 2nd Series  
Federal Reporter, 4th Series  
Federal Supplement, 3d Series  
Federal Rules Decisions  
Bankruptcy Reporter

Additionally, annotations have been taken from the following sources:

American Law Reports, 9th Series  
American Law Reports, Federal 2d  
Mississippi College Law Review  
Mississippi Law Journal

Finally, published opinions of the Attorney General and opinions of the Ethics Commission have been included for annotation.

### Amendment Notes

Amendment notes detail how the new legislation affects existing sections.

### Editor's Notes

Editor's notes summarize matters of matter and legislative history of repealed sections, provide information on a mixture of legislative acts that have not been codified, or explain other pertinent information.

(1) The duties of the State Veterans Affairs Board shall be to assist former and present members of the Armed Forces of the United States, and their dependents, in securing any benefits or privileges under any federal or state law or regulation to which they are entitled and to advise the Governor and Legislature on veterans affairs. Moreover, veterans or their dependents shall be given their choice of organizations to represent them in instances where a case is appealed, and the board shall lend its full cooperation in connection therewith.

(2) The board and its employees shall cooperate fully with all congressionally chartered veterans organizations within the state, including servicing the power of attorney of the congressionally chartered veterans organizations upon the request of the organizations to the State Veterans Affairs Board in the prosecution of all claims on behalf of veterans. However, all powers of attorney to the State Veterans Affairs Board shall be processed first, and thereafter, powers of attorney shall be processed for veterans organizations in the ratio that the membership of the organization bears to the total number of veterans residing in Mississippi.

(3) The State Veterans Affairs Board is designated as the “state approving agency” for the State of Mississippi. It shall be the duty of the State Veterans Affairs Board to inspect, approve and supervise schools, institutions and establishments for war orphan and veteran training as provided in Section 1771, Chapter 35, Title 38, United States Code, and in any subsequent acts passed by the Congress of the United States for the purpose of education and training of war orphans or former and present members of the Armed Forces of the United States. The State Veterans Affairs Board is authorized to employ the needed personnel to perform the duties as outlined in Section 1771, Chapter 35, Title 38, United States Code, and in any subsequent acts as enacted by the Congress of the United States, and to enter into contract with the Department of Veterans Affairs for salary and travel reimbursement for personnel employed for this purpose.

(4) The State Veterans Affairs Board shall operate all Mississippi state veterans homes when established as authorized by Sections 35-1-19 through 35-1-29.

(5) The powers of the State Veterans Affairs Board in relation to operating the State Veterans Homes shall specifically include, but not be limited to, the following authority:

(b) To enter into loan or scholarship agreements with employees or students to provide educational assistance where such student or employee agrees to work for a stipulated period of time for the board. Under this agreement the employee will agree to commit to up to three (3) years but no less than one (1) year, to be determined by the employment position and the amount of student debt; provided, however, no State General Fund monies shall be used for such purposes and the majority of funds for such purposes shall be provided through programs established by the Mississippi Department of Health, the United States Department of Health and Human Services, and the United States Department of Veterans Affairs; and

(c) To sell or otherwise dispose of any chattel property of the State Veterans Affairs Board used in operation of the State Veterans Homes where such disposition is consistent with the homes’ purposes or where such property is deemed by the board or its designee to be surplus or otherwise unneeded. The State Veterans Affairs Board shall develop and submit an annual report to the Legislature on any such sale or disposition and shall ensure that the proceeds shall be used to defray the operation of the State Veterans Homes.

(6) The State Veterans Affairs Board is authorized to adopt such policies and to prescribe such rules and regulations as it may deem necessary for the proper administration of this chapter. However, such policies and regulations shall not be in conflict with any of the provisions of this chapter.

When two (2) or more counties enter into such an agreement, each county shall pay such amount mutually agreed upon and duly adopted by resolution of the respective boards of supervisors.

County veteran service officers shall be (a) honorably discharged or honorably released veterans; (b) the surviving spouse or child of any such

deceased veteran; or (c) any person employed as a county veteran service officer in any county of this state on March 30, 1990. From and after July 1, 1990, county veteran service officers shall be certified by the Mississippi State Veterans' Affairs Board which, among any other criteria it may establish, shall require such officers to (a) attend one (1) of the annual training programs provided for such officers by the Mississippi State Veterans' Affairs Board, (b) successfully complete a written examination each year on the duties and responsibilities of and assistance available to such officers and veterans, (c) have certification and be accredited according to 38 CFR Section 14.629 administered by the Mississippi State Veterans' Affairs Board, and (d) follow the rules and regulations promulgated by the Mississippi State Veterans' Affairs Board. County veteran service officers may be employed, in the discretion of the boards of supervisors, either full time or part time.

The boards of supervisors of the various counties are authorized and directed to provide necessary office space and communications connectivity for county veteran service officers.

The boards of supervisors of the various counties are further authorized and empowered to pay all necessary and actual expenses of county veteran service officers who attend a school of instruction within the State of Mississippi for such county veteran service officers.

Any tax levy made under authority of this chapter shall not be considered in refunding homestead exemption losses under Title 27, Chapter 33, Mississippi Code of 1972.

**Joint Legislative Committee Note** — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation cor-

rected an error in (a) in the first sentence of the third paragraph by deleting “in which the Armed Forces of the United States have been, are or shall be committed for action” following “honorably discharged or honorably released veterans.” The Joint Committee ratified the correction at its August 20, 2021, meeting.

**Amendment Notes** — The 2021 amendment, in the third paragraph, in the first sentence, deleted “of any war or police action” following “released veterans” in (a), in the second sentence, substituted “attend one (1) of the annual training programs” for “attend at least one (1) of the two (2) annual training programs” and inserted “by the Mississippi State Veterans’ Affairs Board” in (a), added (c) and (d), and made a related change, and deleted the former third and fourth sentences, which read: “The programs shall be developed by the State Veterans’ Affairs Board. The program shall include a period of instruction which shall be not more than three (3) days for veteran service officers receiving initial certification, and not more than two (2) days for veteran service officers being recertified”; and added the fifth paragraph.

- (k) Set up ad hoc committees to advise on specific areas; and
- (l) Perform such other functions as may fall within their general charge and which may be delegated to them by the State Board of Education.

(6)(a) **Standard License – Approved Program Route.** An educator entering the school system of Mississippi for the first time and meeting all requirements as established by the State Board of Education shall be granted a standard five-year license. Persons who possess two (2) years of classroom experience as an assistant teacher or who have taught for one (1) year in an accredited public or private school shall be allowed to fulfill student teaching requirements under the supervision of a qualified participating teacher approved by an accredited college of education. The local school district in which the assistant teacher is employed shall compensate such assistant teachers at the required salary level during the period of time such individual is completing student teaching requirements. Applicants for a standard license shall submit to the department:

- (i) An application on a department form;
- (ii) An official transcript of completion of a teacher education program approved by the department or a nationally accredited program, subject to the following: Licensure to teach in Mississippi prekindergarten through kindergarten classrooms shall require completion of a teacher education program or a Bachelor of Science degree with child development emphasis from a program accredited by the American Association of Family and Consumer Sciences (AAFCS) or by the National Association for Education of Young Children (NAEYC) or by the National Council for Accreditation of Teacher Education (NCATE). Licensure to teach in Mississippi kindergarten, for those applicants who have completed a teacher education program, and in Grade 1 through Grade 4 shall require the completion of an interdisciplinary program of studies. Licenses for Grades 4 through 8 shall require the completion of an interdisciplinary program of studies with two (2) or more areas of concentration. Licensure to teach in Mississippi Grades 7 through 12 shall require a major in an academic field other than education, or a combination of disciplines other than education. Students preparing to teach a subject shall complete a major in the respective subject discipline. All applicants for standard licensure shall demonstrate that such person's college preparation in those fields was in accordance with the standards set forth by the National Council for Accreditation of Teacher Education (NCATE) or the National Association of State Directors of Teacher Education and Certification (NASDTEC) or, for those applicants who have a Bachelor of Science degree with child development emphasis, the American Association of Family and Consumer Sciences (AAFCS). Effective July 1, 2016, for initial elementary education licensure, a teacher candidate must earn a passing score on a rigorous test of scientifically research-based reading instruction and intervention and data-based decision-making principles as approved by the State Board of Education;
- (iii) A copy of test scores evidencing satisfactory completion of nation-

ally administered examinations of achievement, such as the Educational Testing Service's teacher testing examinations;

(iv) Any other document required by the State Board of Education; and

(v) From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi who did not meet the following criteria for entrance into an approved teacher education program:

1. An ACT Score of twenty-one (21) (or SAT equivalent); or

2. Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

3. A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

(b) **Standard License – Nontraditional Teaching Route.** From and after July 1, 2020, no teacher candidate shall be licensed to teach in Mississippi under the alternate route who did not meet the following criteria:

(i) An ACT Score of twenty-one (21) (or SAT equivalent); or

(ii) Achieve a qualifying passing score on the Praxis Core Academic Skills for Educators examination as established by the State Board of Education; or

(iii) A minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program.

Beginning July 1, 2020, an individual who has attained a passing score on the Praxis Core Academic Skills for Educators or an ACT Score of twenty-one (21) (or SAT equivalent) or a minimum GPA of 3.0 on coursework prior to admission to an approved teacher education program and a passing score on the Praxis Subject Assessment in the requested area of endorsement may apply for admission to the Teach Mississippi Institute (TMI) program to teach students in Grades 7 through 12 if the individual meets the requirements of this paragraph (b). The State Board of Education shall adopt rules requiring that teacher preparation institutions which provide the Teach Mississippi Institute (TMI) program for the preparation of nontraditional teachers shall meet the standards and comply with the provisions of this paragraph.

(i) The Teach Mississippi Institute (TMI) shall include an intensive eight-week, nine-semester-hour summer program or a curriculum of study in which the student matriculates in the fall or spring semester, which shall include, but not be limited to, instruction in education, effective teaching strategies, classroom management, state curriculum requirements, planning and instruction, instructional methods and pedagogy, using test results to improve instruction, and a one (1) semester three-hour supervised internship to be completed while the teacher is employed as a full-time teacher intern in a local school district. The TMI shall be implemented on a pilot program basis, with courses to be offered at up to four (4) locations in the state, with one (1)

TMI site to be located in each of the three (3) Mississippi Supreme Court districts.

(ii) The school sponsoring the teacher intern shall enter into a written agreement with the institution providing the Teach Mississippi Institute (TMI) program, under terms and conditions as agreed upon by the contracting parties, providing that the school district shall provide teacher interns seeking a nontraditional provisional teaching license with a one-year classroom teaching experience. The teacher intern shall successfully complete the one (1) semester three-hour intensive internship in the school district during the semester immediately following successful completion of the TMI and prior to the end of the one-year classroom teaching experience.

(iii) Upon completion of the nine-semester-hour TMI or the fall or spring semester option, the individual shall submit his transcript to the commission for provisional licensure of the intern teacher, and the intern teacher shall be issued a provisional teaching license by the commission, which will allow the individual to legally serve as a teacher while the person completes a nontraditional teacher preparation internship program.

(iv) During the semester of internship in the school district, the teacher preparation institution shall monitor the performance of the intern teacher. The school district that employs the provisional teacher shall supervise the provisional teacher during the teacher's intern year of employment under a nontraditional provisional license, and shall, in consultation with the teacher intern's mentor at the school district of employment, submit to the commission a comprehensive evaluation of the teacher's performance sixty (60) days prior to the expiration of the nontraditional provisional license. If the comprehensive evaluation establishes that the provisional teacher intern's performance fails to meet the standards of the approved nontraditional teacher preparation internship program, the individual shall not be approved for a standard license.

(v) An individual issued a provisional teaching license under this nontraditional route shall successfully complete, at a minimum, a one-year beginning teacher mentoring and induction program administered by the employing school district with the assistance of the State Department of Education.

(vi) Upon successful completion of the TMI and the internship provisional license period, applicants for a Standard License – Nontraditional Route shall submit to the commission a transcript of successful completion of the twelve (12) semester hours required in the internship program, and the employing school district shall submit to the commission a recommendation for standard licensure of the intern. If the school district recommends licensure, the applicant shall be issued a Standard License – Nontraditional Route which shall be valid for a five-year period and be renewable.

(vii) At the discretion of the teacher preparation institution, the individual shall be allowed to credit the twelve (12) semester hours earned in the nontraditional teacher internship program toward the graduate hours required for a Master of Arts in Teacher (MAT) Degree.

(viii) The local school district in which the nontraditional teacher intern or provisional licensee is employed shall compensate such teacher interns at Step 1 of the required salary level during the period of time such individual is completing teacher internship requirements and shall compensate such Standard License – Nontraditional Route teachers at Step 3 of the required salary level when they complete license requirements.

Implementation of the TMI program provided for under this paragraph (b) shall be contingent upon the availability of funds appropriated specifically for such purpose by the Legislature. Such implementation of the TMI program may not be deemed to prohibit the State Board of Education from developing and implementing additional alternative route teacher licensure programs, as deemed appropriate by the board. The emergency certification program in effect prior to July 1, 2002, shall remain in effect.

A Standard License – Approved Program Route shall be issued for a five-year period, and may be renewed. Recognizing teaching as a profession, a hiring preference shall be granted to persons holding a Standard License – Approved Program Route or Standard License – Nontraditional Teaching Route over persons holding any other license.

(c) **Special License – Expert Citizen.** In order to allow a school district to offer specialized or technical courses, the State Department of Education, in accordance with rules and regulations established by the State Board of Education, may grant a one-year expert citizen-teacher license to local business or other professional personnel to teach in a public school or nonpublic school accredited or approved by the state. Such person may begin teaching upon his employment by the local school board and licensure by the Mississippi Department of Education. The board shall adopt rules and regulations to administer the expert citizen-teacher license. A Special License – Expert Citizen may be renewed in accordance with the established rules and regulations of the State Department of Education.

(d) **Special License – Nonrenewable.** The State Board of Education is authorized to establish rules and regulations to allow those educators not meeting requirements in paragraph (a), (b) or (c) of this subsection (6) to be licensed for a period of not more than three (3) years, except by special approval of the State Board of Education.

(e) **Nonlicensed Teaching Personnel.** A nonlicensed person may teach for a maximum of three (3) periods per teaching day in a public school district or a nonpublic school accredited/approved by the state. Such person shall submit to the department a transcript or record of his education and experience which substantiates his preparation for the subject to be taught and shall meet other qualifications specified by the commission and ap-

proved by the State Board of Education. In no case shall any local school board hire nonlicensed personnel as authorized under this paragraph in excess of five percent (5%) of the total number of licensed personnel in any single school.

(f) **Special License – Transitional Bilingual Education.** Beginning July 1, 2003, the commission shall grant special licenses to teachers of transitional bilingual education who possess such qualifications as are prescribed in this section. Teachers of transitional bilingual education shall be compensated by local school boards at not less than one (1) step on the regular salary schedule applicable to permanent teachers licensed under this section. The commission shall grant special licenses to teachers of transitional bilingual education who present the commission with satisfactory evidence that they (i) possess a speaking and reading ability in a language, other than English, in which bilingual education is offered and communicative skills in English; (ii) are in good health and sound moral character; (iii) possess a bachelor's degree or an associate's degree in teacher education from an accredited institution of higher education; (iv) meet such requirements as to courses of study, semester hours therein, experience and training as may be required by the commission; and (v) are legally present in the United States and possess legal authorization for employment. A teacher of transitional bilingual education serving under a special license shall be under an exemption from standard licensure if he achieves the requisite qualifications therefor. Two (2) years of service by a teacher of transitional bilingual education under such an exemption shall be credited to the teacher in acquiring a Standard Educator License. Nothing in this paragraph shall be deemed to prohibit a local school board from employing a teacher licensed in an appropriate field as approved by the State Department of Education to teach in a program in transitional bilingual education.

(g) In the event any school district meets the highest accreditation standards as defined by the State Board of Education in the accountability system, the State Board of Education, in its discretion, may exempt such school district from any restrictions in paragraph (e) relating to the employment of nonlicensed teaching personnel.

(h) **Highly Qualified Teachers.** Beginning July 1, 2006, any teacher from any state meeting the federal definition of highly qualified, as described in the No Child Left Behind Act, must be granted a standard five-year license by the State Department of Education.

(7) **Administrator License.** The State Board of Education is authorized to establish rules and regulations and to administer the licensure process of the school administrators in the State of Mississippi. There will be four (4) categories of administrator licensure with exceptions only through special approval of the State Board of Education.

(a) **Administrator License – Nonpracticing.** Those educators holding administrative endorsement but having no administrative experience or not serving in an administrative position on January 15, 1997.

(b) **Administrator License – Entry Level.** Those educators holding administrative endorsement and having met the department's qualifications

to be eligible for employment in a Mississippi school district. Administrator License – Entry Level shall be issued for a five-year period and shall be nonrenewable.

(c) **Standard Administrator License – Career Level.** An administrator who has met all the requirements of the department for standard administrator licensure.

(d) **Administrator License – Nontraditional Route.** The board may establish a nontraditional route for licensing administrative personnel. Such nontraditional route for administrative licensure shall be available for persons holding, but not limited to, a master of business administration degree, a master of public administration degree, a master of public planning and policy degree or a doctor of jurisprudence degree from an accredited college or university, with five (5) years of administrative or supervisory experience. Successful completion of the requirements of alternate route licensure for administrators shall qualify the person for a standard administrator license.

Individuals seeking school administrator licensure under paragraph (b), (c) or (d) shall successfully complete a training program and an assessment process prescribed by the State Board of Education. All applicants for school administrator licensure shall meet all requirements prescribed by the department under paragraph (b), (c) or (d), and the cost of the assessment process required shall be paid by the applicant.

(8) **Reciprocity.** The department shall grant a standard five-year license to any individual who possesses a valid standard license from another state within a period of twenty-one (21) days from the date of a completed application. The issuance of a license by reciprocity to a military-trained applicant, military spouse or person who establishes residence in this state shall be subject to the provisions of Section 73-50-1 or 73-50-2, as applicable.

(9) **Renewal and Reinstatement of Licenses.** The State Board of Education is authorized to establish rules and regulations for the renewal and reinstatement of educator and administrator licenses. Effective May 15, 1997, the valid standard license held by an educator shall be extended five (5) years beyond the expiration date of the license in order to afford the educator adequate time to fulfill new renewal requirements established pursuant to this subsection. An educator completing a master of education, educational specialist or doctor of education degree in May 1997 for the purpose of upgrading the educator's license to a higher class shall be given this extension of five (5) years

plus five (5) additional years for completion of a higher degree. For all license types with a current valid expiration date of June 30, 2021, the State Department of Education shall grant a one-year extension to June 30, 2022. Beginning July 1, 2022, and thereafter, applicants for licensure renewal shall meet all requirements in effect on the date that the complete application is received by the State Department of Education.

(10) All controversies involving the issuance, revocation, suspension or any change whatsoever in the licensure of an educator required to hold a license shall be initially heard in a hearing de novo, by the commission or by a subcommittee established by the commission and composed of commission members, or by a hearing officer retained and appointed by the commission, for the purpose of holding hearings. Any complaint seeking the denial of issuance, revocation or suspension of a license shall be by sworn affidavit filed with the Commission on Teacher and Administrator Education, Certification and Licensure and Development. The decision thereon by the commission, its subcommittee or hearing officer, shall be final, unless the aggrieved party shall appeal to the State Board of Education, within ten (10) days, of the decision of the commission, its subcommittee or hearing officer. An appeal to the State Board of Education shall be perfected upon filing a notice of the appeal and by the prepayment of the costs of the preparation of the record of proceedings by the commission, its subcommittee or hearing officer. An appeal shall be on the record previously made before the commission, its subcommittee or hearing officer, unless otherwise provided by rules and regulations adopted by the board. The decision of the commission, its subcommittee or hearing officer shall not be disturbed on appeal if supported by substantial evidence, was not arbitrary or capricious, within the authority of the commission, and did not violate some statutory or constitutional right. The State Board of Education in its authority may reverse, or remand with instructions, the decision of the commission, its subcommittee or hearing officer. The decision of the State Board of Education shall be final.

(11)(a) The State Board of Education, acting through the commission, may deny an application for any teacher or administrator license for one or more of the following:

(i) Lack of qualifications which are prescribed by law or regulations adopted by the State Board of Education;

(ii) The applicant has a physical, emotional or mental disability that renders the applicant unfit to perform the duties authorized by the license, as certified by a licensed psychologist or psychiatrist;

(iii) The applicant is actively addicted to or actively dependent on alcohol or other habit-forming drugs or is a habitual user of narcotics, barbiturates, amphetamines, hallucinogens or other drugs having similar effect, at the time of application for a license;

(iv) Fraud or deceit committed by the applicant in securing or attempting to secure such certification and license;

(v) Failing or refusing to furnish reasonable evidence of identification;

(vi) The applicant has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this subparagraph (vi) of this paragraph (a), a “guilty plea” includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(vii) The applicant or licensee is on probation or post-release supervision for a felony or conviction, as defined by federal or state law. However, this disqualification expires upon the end of the probationary or post-release supervision period.

(b) The State Board of Education, acting through the commission, shall deny an application for any teacher or administrator license, or immediately revoke the current teacher or administrator license, for one or more of the following:

(i) If the applicant or licensee has been convicted, has pled guilty or entered a plea of nolo contendere to a sex offense as defined by federal or state law. For purposes of this subparagraph (i) of this paragraph (b), a “guilty plea” includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(ii) The applicant or licensee is on probation or post-release supervision for a sex offense conviction, as defined by federal or state law;

(iii) The license holder has fondled a student as described in Section 97-5-23, or had any type of sexual involvement with a student as described in Section 97-3-95; or

(iv) The license holder has failed to report sexual involvement of a school employee with a student as required by Section 97-5-24.

(12) The State Board of Education, acting through the commission, may revoke, suspend or refuse to renew any teacher or administrator license for specified periods of time or may place on probation, reprimand a licensee, or take other disciplinary action with regard to any license issued under this chapter for one or more of the following:

(a) Breach of contract or abandonment of employment may result in the suspension of the license for one (1) school year as provided in Section 37-9-57;

(b) Obtaining a license by fraudulent means shall result in immediate suspension and continued suspension for one (1) year after correction is made;

(c) Suspension or revocation of a certificate or license by another state shall result in immediate suspension or revocation and shall continue until records in the prior state have been cleared;

(d) The license holder has been convicted, has pled guilty or entered a plea of nolo contendere to a felony, as defined by federal or state law. For purposes of this paragraph, a “guilty plea” includes a plea of guilty, entry of a plea of nolo contendere, or entry of an order granting pretrial or judicial diversion;

(e) The license holder knowingly and willfully committing any of the acts affecting validity of mandatory uniform test results as provided in Section 37-16-4(1);

(f) The license holder has engaged in unethical conduct relating to an educator/student relationship as identified by the State Board of Education in its rules;

(g) The license holder served as superintendent or principal in a school district during the time preceding and/or that resulted in the Governor declaring a state of emergency and the State Board of Education appointing a conservator;

(h) The license holder submitted a false certification to the State Department of Education that a statewide test was administered in strict accordance with the Requirements of the Mississippi Statewide Assessment System; or

(i) The license holder has failed to comply with the Procedures for Reporting Infractions as promulgated by the commission and approved by the State Board of Education pursuant to subsection (15) of this section.

For purposes of this subsection, probation shall be defined as a length of time determined by the commission, its subcommittee or hearing officer, and based on the severity of the offense in which the license holder shall meet certain requirements as prescribed by the commission, its subcommittee or hearing officer. Failure to complete the requirements in the time specified shall result in immediate suspension of the license for one (1) year.

(13)(a) Dismissal or suspension of a licensed employee by a local school board pursuant to Section 37-9-59 may result in the suspension or revocation of a license for a length of time which shall be determined by the commission and based upon the severity of the offense.

(b) Any offense committed or attempted in any other state shall result in the same penalty as if committed or attempted in this state.

(c) A person may voluntarily surrender a license. The surrender of such license may result in the commission recommending any of the above penalties without the necessity of a hearing. However, any such license which has voluntarily been surrendered by a licensed employee may only be reinstated by a majority vote of all members of the commission present at the meeting called for such purpose.

(14)(a) A person whose license has been suspended or surrendered on any grounds except criminal grounds may petition for reinstatement of the license after one (1) year from the date of suspension or surrender, or after one-half (1/2) of the suspended or surrendered time has lapsed, whichever is greater. A person whose license has been suspended or revoked on any grounds or violations under subsection (12) of this section may be reinstated automatically or approved for a reinstatement hearing, upon submission of a written request to the commission. A license suspended, revoked or surrendered on criminal grounds may be reinstated upon petition to the commission filed after expiration of the sentence and parole or probationary period imposed upon conviction. A revoked, suspended or surrendered license may be reinstated upon satisfactory showing of evidence of rehabilitation. The commission shall require all who petition for reinstatement to furnish evidence satisfactory to the commission of good character, good

mental, emotional and physical health and such other evidence as the commission may deem necessary to establish the petitioner's rehabilitation and fitness to perform the duties authorized by the license.

(b) A person whose license expires while under investigation by the Office of Educator Misconduct for an alleged violation may not be reinstated without a hearing before the commission if required based on the results of the investigation.

(15) Reporting procedures and hearing procedures for dealing with infractions under this section shall be promulgated by the commission, subject to the approval of the State Board of Education. The revocation or suspension of a license shall be effected at the time indicated on the notice of suspension or revocation. The commission shall immediately notify the superintendent of the school district or school board where the teacher or administrator is employed of any disciplinary action and also notify the teacher or administrator of such revocation or suspension and shall maintain records of action taken. The State Board of Education may reverse or remand with instructions any decision of the commission, its subcommittee or hearing officer regarding a petition for reinstatement of a license, and any such decision of the State Board of Education shall be final.

(16) An appeal from the action of the State Board of Education in denying an application, revoking or suspending a license or otherwise disciplining any person under the provisions of this section shall be filed in the Chancery Court of the First Judicial District of Hinds County, Mississippi, on the record made, including a verbatim transcript of the testimony at the hearing. The appeal shall be filed within thirty (30) days after notification of the action of the board is mailed or served and the proceedings in chancery court shall be conducted as other matters coming before the court. The appeal shall be perfected upon filing notice of the appeal and by the prepayment of all costs, including the cost of preparation of the record of the proceedings by the State Board of Education, and the filing of a bond in the sum of Two Hundred Dollars (\$200.00) conditioned that if the action of the board be affirmed by the chancery court, the applicant or license holder shall pay the costs of the appeal and the action of the chancery court.

(17) All such programs, rules, regulations, standards and criteria recommended or authorized by the commission shall become effective upon approval by the State Board of Education as designated by appropriate orders entered upon the minutes thereof.

(18) The granting of a license shall not be deemed a property right nor a guarantee of employment in any public school district. A license is a privilege indicating minimal eligibility for teaching in the public school districts of Mississippi. This section shall in no way alter or abridge the authority of local school districts to require greater qualifications or standards of performance as a prerequisite of initial or continued employment in such districts.

(19) In addition to the reasons specified in subsections (12) and (13) of this section, the board shall be authorized to suspend the license of any licensee for being out of compliance with an order for support, as defined in Section

93-11-153. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. Actions taken by the board in suspending a license when required by Section 93-11-157 or 93-11-163 are not actions from which an appeal may be taken under this section. Any appeal of a license suspension that is required by Section 93-11-157 or 93-11-163 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

### ABOLITION, ALTERATION AND CREATION OF DISTRICTS.

Sec. 37-7-104.4.	Administrative consolidation of Montgomery County and Winona Municipal Separate School Districts into new countywide separate school district designated Winona-Montgomery Consolidated School District; procedure.
---------------------	---

### § 37-7-104.4. Administrative consolidation of Montgomery County and Winona Municipal Separate School Districts into new countywide separate school district designated Winona-Montgomery Consolidated School District; procedure.

(1) In Montgomery County, Mississippi, in which are located, as of January 1, 2016, two (2) school districts, there shall be an administrative consolidation of all of those school districts in the county into one (1) new countywide municipal separate school district to be designated as Winona-

Montgomery Consolidated School District which shall consist of the territory of the former Montgomery County School District and the Winona Municipal Separate School District, effective on July 1, 2018. At such time that the administrative consolidation becomes effective, the central administrative office of the Winona-Montgomery Consolidated School District shall be located in Winona, Mississippi.

(2) As soon as practicable, a financial advisor and/or other facilitator with school district experience may be assigned by the Mississippi Department of Education to oversee the budgeting and financial matters relating to the consolidation of the districts slated for consolidation. The financial advisor and/or facilitator may, at the discretion of the Mississippi Department of Education, continue duties for one (1) year after the consolidation to ensure that all financial matters are in place. All financial expenditures of districts that are closing must be approved by the financial advisor and/or facilitator. If the superintendent and/or school board approves expenditures outside of this approval, they shall be personally liable for the excess expenditures. The State Board of Education shall determine the compensation to be paid to the financial advisor and/or facilitator which shall be paid by the local school district to which the financial advisor and/or facilitator is assigned.

(3)(a) On or before September 1, 2017, the State Board of Education shall serve the local school board of the Winona Municipal Separate School District and the local school board of the Montgomery County School District with notice and instructions regarding the timetable for action to be taken to comply with the administrative consolidation required in this section.

(b) The members of the Winona-Montgomery Consolidated School District Board of Trustees serving on July 1, 2020, shall continue to serve until January 1, 2021, when the membership shall be reconstituted as follows: On the first Tuesday after the first Monday in November 2020, a special election shall be held in Montgomery County for the purpose of electing a new board of trustees of such district, which shall be elected from the Supervisors Districts of Montgomery County. At said election the member of the said board from District One shall be elected for a term of one (1) year, the member from District Two shall be elected for a term of two (2) years, the member from District Three shall be elected for a term of three (3) years, the member from District Four shall be elected for a term of four (4) years, and the member from District Five shall be elected for a term of five (5) years. Thereafter, members shall be elected at special elections as vacancies occur for terms of five (5) years each. All members shall reside in the supervisors district which the member represents, and shall take office on the first Monday of January following the date of their election. All trustees of said school district shall otherwise be elected as provided for in Sections 37-7-223 through 37-7-229, Mississippi Code of 1972. All vacancies which may occur during a term shall be filled by appointment of the consolidated school district trustees from the qualified electors of the district in which the vacancy occurs. However, the person so appointed shall serve only until the next general election following such appointment, at which time a person

shall be elected for the remainder of the unexpired term at the same time and in the same manner as a trustee is elected for the full term then expiring and the person so elected to the unexpired term shall take office immediately. Any school board member of the former school districts residing in the proper territory shall be eligible for appointment or election to the new Board of Trustees for Winona-Montgomery Consolidated School District.

(c) Any school district affected by the required administrative consolidation in the county that does not voluntarily consolidate as ordered by the State Board of Education shall be administratively consolidated by the State Board of Education, to be effective immediately upon action of the State Board of Education. The State Board of Education shall promptly move on its own motion to administratively consolidate a school district which does not voluntarily consolidate in order to enable the affected school districts to reasonably accomplish the resulting administrative consolidation into one (1) consolidated school district by July 1 following the motion to consolidate. The affected school districts shall comply with any consolidation order issued by the State Board of Education.

(4)(a) On July 1, 2018, following the motion of the State Board of Education to consolidate school districts in Montgomery County, the Montgomery County School District shall be abolished. All real and personal property which is owned or titled in the name of the school district located in such former school district shall be transferred to the Winona-Montgomery Consolidated School District as of July 1, 2018.

(b) The new board of trustees of the Winona-Montgomery Consolidated School District shall be responsible for establishing the contracts for operations, teachers, principals, clerical and administrative staff personnel for the 2018-2019 school year and each school year thereafter.

(c) The Superintendent of the Winona-Montgomery Consolidated School District shall be appointed by the board and is authorized to appoint an assistant superintendent, but in no instance shall the administrative leadership of the Winona-Montgomery Consolidated School District exceed three (3) assistant superintendents to be appointed by the Superintendent of the Winona-Montgomery Consolidated School District.

(d) It shall be the responsibility of the board of trustees to prepare and approve the budget of the respective new reorganized district, and the board of trustees may use staff from the former school district to prepare the budget. Any transfer of the assets, real or personal property of the Montgomery County School District mandated by this section shall be final and conclusive for the purposes of the transfer of property required by this section to effectuate the administrative consolidation.

(e) Any person or school district aggrieved by an order of the successor newly selected Board of Trustees of the Winona-Montgomery Consolidated School District pursuant to the required administrative consolidation may appeal therefrom within ten (10) days from the date of the adjournment of the meeting at which such order is entered. The appeal shall be taken in the same manner as appeals are taken from judgments or decisions of the board

of supervisors as provided in Section 11-51-75, the provisions of which shall be fully applicable to appeals taken hereunder. The Board of Trustees of the Winona-Montgomery Consolidated School District shall not pass upon or approve or disapprove any such order until the time for an appeal therefrom has expired, nor shall the board pass upon or approve or disapprove any such order from which an appeal is taken until said appeal has been finally determined.

(5) Nothing in this section shall be construed to require the closing of any school or school facility, unless the facility is an unneeded administrative office located within a school district which has been abolished under the provisions of this section. All administrative consolidations under this section shall be accomplished so as not to delay or in any manner negatively affect the desegregation of another school district in the county pursuant to court order.

(6) The State Board of Education shall promulgate rules and regulations to facilitate the administrative consolidation of the school districts in Montgomery County pursuant to the requirements of this section. Beginning with the insurance cafeteria plan year of November 1, 2018, the consolidated districts shall fall under all insurance plans and policies elected by the Winona-Montgomery Consolidated School District, including the group term life insurance described in Section 25-15-9(7).

(7) The County Board of Education and the Superintendent of Education of the former Montgomery County School District and the local school board and Superintendent of Schools of the Winona Municipal Separate School District shall cooperate with the State Department of Education, as soon as practicable after July 1, 2016, for the planning and transition of programs, services and alignment of curriculum for the administratively consolidated school districts.

(8) It shall be the responsibility of the Board of Supervisors of Montgomery County to provide office, furnishing and utilities for the administrative Office of the Superintendent of the Winona-Montgomery Consolidated School District.

(9) One (1) year prior to the date of consolidation, a financial advisor and/or other facilitator with school district experience may be assigned by the Mississippi Department of Education to oversee the budgeting and financial matters relating to the consolidation of the districts slated for consolidation. The financial advisor and/or facilitator may, at the discretion of the Mississippi Department of Education, continue duties for one (1) year after the consolidation to ensure that all financial matters are in place. All financial expenditures of districts that are closing must be approved by the financial advisor and/or facilitator. If the superintendent and/or school board approves expenditures outside of this approval, they shall be personally liable for the excess expenditures. The State Board of Education shall determine the compensation to be paid to the financial advisor and/or facilitator which shall be paid by the local school district.

Nothing suggests that the deadline for appeal in Miss. Code Ann. 37-7-115 is affected by the publication required by Miss. Code Ann. § 37-7-105; the deadline to file an appeal pursuant to § 37-7-115 is ten days from the date of the meeting in which the order of consolidation was en-

tered, not final, and § 37-7-115 appeals are taken in the same manner as Miss. Code Ann. § 11-51-75 appeals, which do not require publication in a newspaper. *Pearl River Cty. Bd. of Supervisors v. Miss. State Bd. of Educ.*, 289 So. 3d 301, 2020 Miss. LEXIS 30 (Miss. 2020).

#### **2. Appeal untimely.**

Chancery court did not err by finding that an appeal was untimely filed pursuant to the statute because the statute provided the exclusive remedy by which a county could challenge the consolidation

of school districts. *Pearl River Cty. Bd. of Supervisors v. Miss. State Bd. of Educ.*, 289 So. 3d 301, 2020 Miss. LEXIS 30 (Miss. 2020).

Chancery court did not err by finding that an appeal was untimely filed pursuant to the statute because publication was not required for the appeal deadline to begin to run pursuant to the statute. *Pearl River Cty. #### **3. Person aggrieved.**

Based on the language of Miss. Code Ann. § 1-3-39, and the statements made by the county, the county was a “person aggrieved” for the purposes of Miss. Code Ann. § 37-7-115 because the county stated multiple times during proceedings that government property was at issue, and the property it was addressing in the action was the property of residents who would be assessed ad valorem taxes. *Pearl River Cty. ### BOARDS OF TRUSTEES; GENERAL POWERS AND DUTIES.

- Sec.  
 37-7-307. Regulation of leaves for licensed and nonlicensed employees; employment of substitute teachers; donations of leave to other employees; accumulated leave; conversion of certain vacation days to sick leave; definitions.  
 37-7-315. Designation of school buildings and attendance centers.  
 37-7-315.1. Consolidation of system of high schools in Tate County; closure of Coldwater High School [For contingent effective date, see Editor's Note].

#### **§ 37-7-307. Regulation of leaves for licensed and nonlicensed employees; employment of substitute teachers; donations of leave to other employees; accumulated leave; conversion of certain vacation days to sick leave; definitions.**

(1) For purposes of this section, the term "licensed employee" means any employee of a public school district required to hold a valid license by the Commission on Teacher and Administrator Education, Certification and Licensure and Development.

(2) The school board of a school district shall establish by rules and regulations a policy of sick leave with pay for licensed employees and teacher assistants employed in the school district, and such policy shall include the following minimum provisions for sick and emergency leave with pay:

(a) Each licensed employee and teacher assistant, at the beginning of each school year, shall be credited with a minimum sick leave allowance, with pay, of seven (7) days for absences caused by illness or physical disability of the employee during that school year.

(b) Any unused portion of the total sick leave allowance shall be carried over to the next school year and credited to such licensed employee and teacher assistant if the licensed employee or teacher assistant remains employed in the same school district. In the event any public school licensed employee or teacher assistant transfers from one public school district in Mississippi to another, any unused portion of the total sick leave allowance credited to such licensed employee or teacher assistant shall be credited to such licensed employee or teacher assistant in the computation of unused leave for retirement purposes under Section 25-11-109. Accumulation of sick leave allowed under this section shall be unlimited.

(c) No deduction from the pay of such licensed employee or teacher assistant may be made because of absence of such licensed employee or teacher assistant caused by illness or physical disability of the licensed employee or teacher assistant until after all sick leave allowance credited to such licensed employee or teacher assistant has been used.

(d) For the first ten (10) days of absence of a licensed employee because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such licensed employee, there shall be deducted from the pay of such licensed employee the established substitute amount of licensed employee compensation paid in that local school district, necessitated because of the absence of the licensed employee as a result of illness or physical disability. In lieu of deducting the established substitute amount from the pay of such licensed employee, the policy may allow the licensed employee to receive full pay for the first ten (10) days of absence because of illness or physical disability, in any school year, in excess of the sick leave allowance credited to such licensed employee. Thereafter, the regular pay of such absent licensed employee shall be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

(3)(a) Beginning with the school year 1983-1984, each licensed employee at the beginning of each school year shall be credited with a minimum personal leave allowance, with pay, of two (2) days for absences caused by personal reasons during that school year. Effective for the 2010-2011 and 2011-2012 school years, licensed employees shall be credited with an additional one-half (1/2) day of personal leave for every day the licensed employee is furloughed without pay as provided in Section 37-7-308. Except as otherwise provided in paragraph (b) of this subsection, such personal leave shall not be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday. Personal leave may be used for professional purposes, including absences caused by attendance of such licensed employee at a seminar, class, training program, professional association or other functions designed for educators. No deduction from the pay of such licensed employee may be made because of absence of such licensed employee caused by personal reasons until after all personal leave allowance credited to such licensed employee has been used. However, the superintendent of a school district, in his discretion, may allow a licensed employee personal leave in addition to any minimum personal leave allowance, under the condition that there shall be deducted from the salary of such licensed employee the actual amount of any compensation paid to any person as a substitute, necessitated because of the absence of the licensed employee. Any unused portion of the total personal leave allowance up to five (5) days shall be carried over to the next school year and credited to such licensed employee if the licensed employee remains employed in the same school district. Any personal leave allowed for a furlough day shall not be carried over to the next school year.

(b) Notwithstanding the restrictions on the use of personal leave prescribed under paragraph (a) of this subsection, a licensed employee may use personal leave as follows:

(i) Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, an immediate family member of the employee is being deployed for military service.

(ii) Personal leave may be taken on a day previous to a holiday or a day after a holiday if an employee of a school district has either a minimum of ten (10) years' experience as an employee of that school district or a minimum of thirty (30) days of unused accumulated leave that has been earned while employed in that school district.

(iii) Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, the employee has been summoned to appear for jury duty or as a witness in court.

(iv) Personal leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, an immediate family member of the employee dies or funeral services are held. Any day of the three (3) bereavement days may be used at the discretion of the teacher, and are not required to be taken in consecutive succession.

For the purpose of this subsection (3), the term "immediate family member" means spouse, parent, stepparent, child or stepchild, grandparent or sibling, including a stepbrother or stepsister.

(4) Beginning with the school year 1992-1993, each licensed employee shall be credited with a professional leave allowance, with pay, for each day of absence caused by reason of such employee's statutorily required membership and attendance at a regular or special meeting held within the State of Mississippi of the State Board of Education, the Commission on Teacher and Administrator Education, Certification and Licensure and Development, the Commission on School Accreditation, the Mississippi Authority for Educational Television, the meetings of the state textbook rating committees or other meetings authorized by local school board policy.

(5) Upon retirement from employment, each licensed and nonlicensed employee shall be paid for not more than thirty (30) days of unused accumulated leave earned while employed by the school district in which the employee is last employed. Such payment for licensed employees shall be made by the school district at a rate equal to the amount paid to substitute teachers and for nonlicensed employees, the payment shall be made by the school district at a rate equal to the federal minimum wage. The payment shall be treated in the same manner for retirement purposes as a lump-sum payment for personal leave as provided in Section 25-11-103(f). Any remaining lawfully credited unused leave, for which payment has not been made, shall be certified to the Public Employees' Retirement System in the same manner and subject to the same limitations as otherwise provided by law for unused leave. No payment for unused accumulated leave may be made to either a licensed or nonlicensed employee at termination or separation from service for any purpose other than for the purpose of retirement.

(6) The school board may adopt rules and regulations which will reasonably aid to implement the policy of sick and personal leave, including, but not limited to, rules and regulations having the following general effect:

(a) Requiring the absent employee to furnish the certificate of a physician or dentist or other medical practitioner as to the illness of the

absent licensed employee, where the absence is for four (4) or more consecutive school days, or for two (2) consecutive school days immediately preceding or following a nonschool day;

(b) Providing penalties, by way of full deduction from salary, or entry on the work record of the employee, or other appropriate penalties, for any materially false statement by the employee as to the cause of absence;

(c) Forfeiture of accumulated or future sick leave, if the absence of the employee is caused by optional dental or medical treatment or surgery which could, without medical risk, have been provided, furnished or performed at a time when school was not in session;

(d) Enlarging, increasing or providing greater sick or personal leave allowances than the minimum standards established by this section in the discretion of the school board of each school district.

(7) School boards may include in their budgets provisions for the payment of substitute employees, necessitated because of the absence of regular licensed employees. All such substitute employees shall be paid wholly from district funds, except as otherwise provided for long-term substitute teachers in Section 37-19-20. Such school boards, in their discretion, also may pay, from district funds other than adequate education program funds, the whole or any part of the salaries of all employees granted leaves for the purpose of special studies or training.

(8) The school board may further adopt rules and regulations which will reasonably implement such leave policies for all other nonlicensed and hourly paid school employees as the board deems appropriate. Effective for the 2010-2011 and 2011-2012 school years, nonlicensed employees shall be credited with an additional one-half (1/2) day of personal leave for every day the nonlicensed employee is furloughed without pay as provided in Section 37-7-308.

(9) Vacation leave granted to either licensed or nonlicensed employees shall be synonymous with personal leave. Unused vacation or personal leave accumulated by licensed employees in excess of the maximum five (5) days which may be carried over from one year to the next may be converted to sick leave. The annual conversion of unused vacation or personal leave to sick days for licensed or unlicensed employees shall not exceed the allowable number of personal leave days as provided in Section 25-3-93. The annual total number of converted unused vacation and/or personal days added to the annual unused sick days for any employee shall not exceed the combined allowable number of days per year provided in Sections 25-3-93 and 25-3-95. Local school board policies that provide for vacation, personal and sick leave for employees shall not exceed the provisions for leave as provided in Sections 25-3-93 and 25-3-95. Any personal or vacation leave previously converted to sick leave under a lawfully adopted policy before May 1, 2004, or such personal or vacation leave accumulated and available for use prior to May 1, 2004, under a lawfully adopted policy but converted to sick leave after May 1, 2004, shall be recognized as accrued leave by the local school district and available for use by the employee. The leave converted under a lawfully adopted policy prior to

May 1, 2004, or such personal and vacation leave accumulated and available for use as of May 1, 2004, which was subsequently converted to sick leave may be certified to the Public Employees' Retirement System upon termination of employment and any such leave previously converted and certified to the Public Employees' Retirement System shall be recognized.

(10)(a) For the purposes of this subsection, the following words and phrases shall have the meaning ascribed in this paragraph unless the context requires otherwise:

(i) "Catastrophic injury or illness" means a life-threatening injury or illness of an employee or a member of an employee's immediate family that totally incapacitates the employee from work, as verified by a licensed physician, and forces the employee to exhaust all leave time earned by that employee, resulting in the loss of compensation from the local school district for the employee. Conditions that are short-term in nature, including, but not limited to, common illnesses such as influenza and the measles, and common injuries, are not catastrophic. Chronic illnesses or injuries, such as cancer or major surgery, that result in intermittent absences from work and that are long-term in nature and require long recuperation periods may be considered catastrophic.

(ii) "Immediate family" means spouse, parent, stepparent, sibling, child or stepchild, grandparent, stepbrother or stepsister.

(b) Any school district employee may donate a portion of his or her unused accumulated personal leave or sick leave to another employee of the same school district who is suffering from a catastrophic injury or illness or who has a member of his or her immediate family suffering from a catastrophic injury or illness, in accordance with the following:

(i) The employee donating the leave (the "donor employee") shall designate the employee who is to receive the leave (the "recipient employee") and the amount of unused accumulated personal leave and sick leave that is to be donated, and shall notify the school district superintendent or his designee of his or her designation.

(ii) The maximum amount of unused accumulated personal leave that an employee may donate to any other employee may not exceed a number of days that would leave the donor employee with fewer than seven (7) days of personal leave remaining, and the maximum amount of unused accumulated sick leave that an employee may donate to any other employee may not exceed fifty percent (50%) of the unused accumulated sick leave of the donor employee.

(iii) An employee must have exhausted all of his or her available leave before he or she will be eligible to receive any leave donated by another employee. Eligibility for donated leave shall be based upon review and approval by the donor employee's supervisor.

(iv) Before an employee may receive donated leave, he or she must provide the school district superintendent or his designee with a physician's statement that states that the illness meets the catastrophic criteria established under this section, the beginning date of the catastrophic

injury or illness, a description of the injury or illness, and a prognosis for recovery and the anticipated date that the recipient employee will be able to return to work.

(v) Before an employee may receive donated leave, the superintendent of education of the school district shall appoint a review committee to approve or disapprove the said donations of leave, including the determination that the illness is catastrophic within the meaning of this section.

(vi) If the total amount of leave that is donated to any employee is not used by the recipient employee, the whole days of donated leave shall be returned to the donor employees on a pro rata basis, based on the ratio of the number of days of leave donated by each donor employee to the total number of days of leave donated by all donor employees.

(vii) Donated leave shall not be used in lieu of disability retirement.

(11) Effective January 1, 2020, the provisions of this section shall be fully applicable to any licensed employee of the Mississippi School of the Arts (MSA).

**§ 37-7-315.1. Consolidation of system of high schools in Tate County; closure of Coldwater High School [For contingent effective date, see Editor's Note].**

(1) Not later than July 1, 2020, the Tate County School Board, having jurisdiction over three (3) high schools within the Tate County School District, shall consolidate its system of high schools by closing Coldwater High School upon the completion of the 2019-2020 scholastic year. Factors used in determining the necessity to close Coldwater High School consists of the following criteria:

(a) Coldwater High School has consistently and chronically underperformed, as determined by its grade designation under the statewide school accountability rating system, as determined by the State Board of Education for the last four (4) accreditation cycles as follows:

(i) Maintained a "F" accountability rating for the 2016, 2017 and 2018 school years; and

(ii) Achieved a "D" accountability rating for the 2019 school year;

(b) Coldwater High School has maintained an average annual enrollment of approximately one hundred (100) students for the last four (4) scholastic terms;

(c) Coldwater High School's average annual student enrollment for the last four (4) scholastic terms represents less than four percent (4%) of the overall student enrollment for the Tate County School District;

(d) Coldwater High School provides a limited selection of robust and advanced course offerings as part of its adopted curriculum; and

(e) An assessment of Coldwater High School's graduation percentage rates and dropout percentage rates in comparison to the other remaining two (2) high schools throughout Tate County, the Senatobia Municipal School District and in surrounding counties.

(2) Under the authority provided in Section 37-7-315, the Tate County School Board shall execute a plan to provide for the closure of Coldwater High School, which shall be spread upon the minutes of its regularly scheduled meeting or at a special meeting called for the specific purpose of the school closure. At said meeting, the Tate County School Board shall:

(a) Issue an order to provide that the attendance zone of Coldwater High School shall be collapsed and redrawn for distribution in equal proportions to the school attendance zones for Independence High School and Strayhorn High School. The Tate County School Board shall thereafter publish the same in some newspaper of general circulation in the county for at least three (3) consecutive weeks and after having given notice of publication and recording the same upon the minutes of the school board, the new high school attendance zones will thereafter be effective;

(b) Issue an order to provide that upon such closure, students attending Coldwater High School shall have the discretion to choose whether to:

(i) Attend either Independence High School or Strayhorn High School in a manner that does not disparately impact the desegregation of either school; or

(ii) Transfer to the Senatobia Municipal School District, provided that the appropriate high school located therein is closest in proximity to the student's residence than either of the two (2) high schools in the Tate County School District; and

(c) Issue an order to enter agreement with the Senatobia Municipal School Board for the release by the Tate County School Board and subsequent acceptance by the Senatobia Municipal School District of students affected by the closure of Coldwater High School. The agreement between each school board made parties thereto must consider the composition of the district boundaries of the Tate County School District, as it existed on January 1, 2020, to ensure that the student population eligible to be transferred from the Coldwater High School attendance zone to the Senatobia Municipal School District does not disparately impact the desegregation of either school district entering into agreement.

Chancery court erred in reversing the decision of the board of trustees of a public school district because the decision upholding the principal's termination/demotion was a valid termination of her employment as a principal; the school district's willingness to continue to employ the principal as an assistant principal did not invalidate its otherwise lawful termination because a demotion was a termination of present employment coupled with an offer of employment in a different position. *Jackson Pub. School district's initial offer to a principal was based on the erroneous premise

that it could still non-renew her contract on May 12 because the March 1 deadline had passed, and the principal's contract was automatically renewed for the next school year and could not be non-renewed; however, because the school district ultimately did not attempt to non-renew the principal's contract, the error in its initial letter to the principal was harmless. *Jackson Pub. ## MISSISSIPPI COMPULSORY SCHOOL ATTENDANCE LAW

Sec.

37-13-89. School attendance officers; qualifications; duties; salaries.

**§ 37-13-89. School attendance officers; qualifications; duties; salaries.**

(1) In each school district within the state, there shall be employed the number of school attendance officers determined by the Office of Compulsory School Attendance Enforcement to be necessary to adequately enforce the provisions of the Mississippi Compulsory School Attendance Law; however, this number shall not exceed one hundred fifty-three (153) school attendance officers at any time. From and after July 1, 1998, all school attendance officers employed pursuant to this section shall be employees of the State Department of Education. The State Department of Education shall employ all persons employed as school attendance officers by district attorneys before July 1, 1998, and shall assign them to school attendance responsibilities in the school district in which they were employed before July 1, 1998. The first twelve (12) months of employment for each school attendance officer shall be the probationary period of state service.

(2)(a) The State Department of Education shall obtain current criminal records background checks and current child abuse registry checks on all persons applying for the position of school attendance officer after July 2, 2002. The criminal records information and registry checks must be kept on file for any new hires. In order to determine an applicant's suitability for employment as a school attendance officer, the applicant must be fingerprinted. If no disqualifying record is identified at the state level, the Department of Public Safety shall forward the fingerprints to the Federal Bureau of Investigation (FBI) for a national criminal history record check. The applicant shall pay the fee, not to exceed Fifty Dollars (\$50.00), for the fingerprinting and criminal records background check; however, the State Department of Education, in its discretion, may pay the fee for the fingerprinting and criminal records background check on behalf of any applicant. Under no circumstances may a member of the State Board of Education, employee of the State Department of Education or any person other than the subject of the criminal records background check disseminate information received through any such checks except insofar as required to fulfill the purposes of this subsection.

(b) If the fingerprinting or criminal records check discloses a felony conviction, guilty plea or plea of nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23(h), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault which has not been reversed on appeal or for which a pardon has not been granted, the applicant is not eligible to be employed as a school attendance officer. Any employment of an applicant pending the results of the fingerprinting and criminal records check is voidable if the new hire receives a disqualifying criminal records check. However, the State Board of Education, in its discretion, may allow an applicant aggrieved by an employment decision under this subsection to appear before the board, or before a hearing officer designated for that purpose, to show mitigating circumstances that may exist and allow the new hire to be employed as a school attendance officer. The State Board of Education may grant waivers for mitigating circumstances, which may include, but are not necessarily limited to: (i) age at which the crime was committed; (ii) circumstances surrounding the crime; (iii) length of time since the conviction and criminal history since the conviction; (iv) work history; (v) current employment and character references; and (vi) other evidence demonstrating the ability of the person to perform the responsibilities of a school attendance officer competently and that the person does not pose a threat to the health or safety of children.

(c) A member of the State Board of Education or employee of the State Department of Education may not be held liable in any employment discrimination suit in which an allegation of discrimination is made regarding an employment decision authorized under this section.

(3) Each school attendance officer shall possess a college degree with a major in a behavioral science or a related field or shall have no less than three (3) years combined actual experience as a school teacher, school administrator, law enforcement officer possessing such degree, and/or social worker; however, these requirements shall not apply to persons employed as school attendance officers before January 1, 1987. School attendance officers also shall satisfy any additional requirements that may be established by the State Personnel Board for the position of school attendance officer.

(4) It shall be the duty of each school attendance officer to:

(a) Cooperate with any public agency to locate and identify all compulsory-school-age children who are not attending school;

(b) Cooperate with all courts of competent jurisdiction;

(c) Investigate all cases of nonattendance and unlawful absences by compulsory-school-age children not enrolled in a nonpublic school;

(d) Provide appropriate counseling to encourage all school-age children to attend school until they have completed high school;

(e) Attempt to secure the provision of social or welfare services that may be required to enable any child to attend school;

(f) Contact the home or place of residence of a compulsory-school-age child and any other place in which the officer is likely to find any compulsory-

school-age child when the child is absent from school during school hours without a valid written excuse from school officials, and when the child is found, the officer shall notify the parents and school officials as to where the child was physically located;

(g) Contact promptly the home of each compulsory-school-age child in the school district within the officer's jurisdiction who is not enrolled in school or is not in attendance at public school and is without a valid written excuse from school officials; if no valid reason is found for the nonenrollment or absence from the school, the school attendance officer shall give written notice to the parent, guardian or custodian of the requirement for the child's enrollment or attendance;

(h) Collect and maintain information concerning absenteeism, dropouts and other attendance-related problems, as may be required by law or the Office of Compulsory School Attendance Enforcement; and

(i) Perform all other duties relating to compulsory school attendance established by the State Department of Education or district school attendance supervisor, or both.

(5) While engaged in the performance of his duties, each school attendance officer shall carry on his person a badge identifying him as a school attendance officer under the Office of Compulsory School Attendance Enforcement of the State Department of Education and an identification card designed by the State Superintendent of Public Education and issued by the school attendance officer supervisor. Neither the badge nor the identification card shall bear the name of any elected public official.

(6) The State Personnel Board shall develop a salary scale for school attendance officers as part of the variable compensation plan. The various pay ranges of the salary scale shall be based upon factors including, but not limited to, education, professional certification and licensure, and number of years of experience. School attendance officers shall be paid in accordance with this salary scale. The minimum salaries under the scale shall be no less than the following:

(a) For school attendance officers holding a bachelor's degree or any other attendance officer who does not hold such a degree, the annual salary shall be based on years of experience as a school attendance officer or related field of service or employment, no less than as follows:

Years of Experience	Salary

5-8 years	26,485.29

Over 17 years	31,182.09

(b) For school attendance officers holding a license as a social worker, the annual salary shall be based on years of experience as a school attendance officer or related field of service or employment, no less than as follows:

17-20 years	33,612.89
Over 21 years	35,415.39

(c) For school attendance officers holding a master's degree in a behavioral science or a related field, the annual salary shall be based on years of experience as a school attendance officer or related field of service or employment, no less than as follows:

Years of Experience	Salary
0-4 years	\$26,382.29
5-8 years	29,008.79
9-12 years	31,109.99
13-16 years	33,211.19
17-20 years	35,312.39
Over 21 years	37,413.59

(7)(a) Each school attendance officer employed by a district attorney on June 30, 1998, who became an employee of the State Department of Education on July 1, 1998, shall be awarded credit for personal leave and major medical leave for his continuous service as a school attendance officer under the district attorney, and if applicable, the youth or family court or a state agency. The credit for personal leave shall be in an amount equal to one-third (1/3) of the maximum personal leave the school attendance officer could have accumulated had he been credited with such leave under Section 25-3-93 during his employment with the district attorney, and if applicable, the youth or family court or a state agency. The credit for major medical leave shall be in an amount equal to one-half (1/2) of the maximum major medical leave the school attendance officer could have accumulated had he been credited with such leave under Section 25-3-95 during his employment with the district attorney, and if applicable, the youth or family court or a state agency. However, if a district attorney who employed a school attendance officer on June 30, 1998, certifies, in writing, to the State Department of Education that the school attendance officer had accumulated, pursuant to a personal leave policy or major medical leave policy lawfully adopted by the district attorney, a number of days of unused personal leave or major medical leave, or both, which is greater than the number of days to which the school attendance officer is entitled under this paragraph, the State Department of Education shall authorize the school attendance officer to retain the actual unused personal leave or major medical leave, or both, certified by the district attorney, subject to the maximum amount of personal leave and major medical leave the school attendance officer could have accumulated had he been credited with such leave under Sections 25-3-93 and 25-3-95.

(b) For the purpose of determining the accrual rate for personal leave

under Section 25-3-93 and major medical leave under Section 25-3-95, the State Department of Education shall give consideration to all continuous service rendered by a school attendance officer before July 1, 1998, in addition to the service rendered by the school attendance officer as an employee of the department.

(c) In order for a school attendance officer to be awarded credit for personal leave and major medical leave or to retain the actual unused personal leave and major medical leave accumulated by him before July 1, 1998, the district attorney who employed the school attendance officer must certify, in writing, to the State Department of Education the hire date of the school attendance officer. For each school attendance officer employed by the youth or family court or a state agency before being designated an employee of the district attorney who has not had a break in continuous service, the hire date shall be the date that the school attendance officer was hired by the youth or family court or state agency. The department shall prescribe the date by which the certification must be received by the department and shall provide written notice to all district attorneys of the certification requirement and the date by which the certification must be received.

(8)(a) School attendance officers shall maintain regular office hours on a year-round basis; however, during the school term, on those days that teachers in all of the school districts served by a school attendance officer are not required to report to work, the school attendance officer also shall not be required to report to work. (For purposes of this subsection, a school district's school term is that period of time identified as the school term in contracts entered into by the district with licensed personnel.) A school attendance officer shall be required to report to work on any day recognized as an official state holiday if teachers in any school district served by that school attendance officer are required to report to work on that day, regardless of the school attendance officer's status as an employee of the State Department of Education, and compensatory leave may not be awarded to the school attendance officer for working during that day. However, a school attendance officer may be allowed by the school attendance officer's supervisor to use earned leave on such days.

## SEX AND ABSTINENCE EDUCATION

Sec.  
37-13-171. Implementation of abstinence-only or abstinence-plus education; State Department of Education approval of curriculum for sex-related education required; components of abstinence-only and abstinence-plus education; parent programs; separation of students by gender during sex-related education instruction [Repealed effective July 1, 2024].

**§ 37-13-171. Implementation of abstinence-only or abstinence-plus education; State Department of Education approval of curriculum for sex-related education required; components of abstinence-only and abstinence-plus education; parent programs; separation of students by gender during sex-related education instruction [Repealed effective July 1, 2024].**

(1) The local school board of every public school district shall adopt a policy to implement abstinence-only or abstinence-plus education into its curriculum by June 30, 2012, which instruction in those subjects shall be implemented not later than the start of the 2012-2013 school year or the local school board shall adopt the program which has been developed by the Mississippi Department of Human Services and the Mississippi Department of Health. The State Department of Education shall approve each district's curriculum for sex-related education and shall establish a protocol to be used by districts to provide continuity in teaching the approved curriculum in a manner that is age, grade and developmentally appropriate.

(2) Abstinence-only education shall remain the state standard for any sex-related education taught in the public schools. For purposes of this section, abstinence-only education includes any type of instruction or program which, at an appropriate age and grade:

(a) Teaches the social, psychological and health gains to be realized by abstaining from sexual activity, and the likely negative psychological and physical effects of not abstaining;

(b) Teaches the harmful consequences to the child, the child's parents and society that bearing children out of wedlock is likely to produce, including the health, educational, financial and other difficulties the child and his or her parents are likely to face, as well as the inappropriateness of the social and economic burden placed on others;

(c) Teaches that unwanted sexual advances are irresponsible and teaches how to reject sexual advances and how alcohol and drug use increases vulnerability to sexual advances;

(d) Teaches that abstinence from sexual activity before marriage, and fidelity within marriage, is the only certain way to avoid out-of-wedlock pregnancy, sexually transmitted diseases and related health problems. The instruction or program may include a discussion on condoms or contraceptives, but only if that discussion includes a factual presentation of the risks and failure rates of those contraceptives. In no case shall the instruction or program include any demonstration of how condoms or other contraceptives are applied;

(e) Teaches the current state law related to sexual conduct, including forcible rape, statutory rape, paternity establishment, child support and homosexual activity; and

(f) Teaches that a mutually faithful, monogamous relationship in the context of marriage is the only appropriate setting for sexual intercourse.

(3) A program or instruction on sex-related education need not include every component listed in subsection (2) of this section for abstinence-only education. However, no program or instruction under an abstinence-only curriculum may include anything that contradicts the excluded components. For purposes of this section, abstinence-plus education includes every component listed under subsection (2) of this section that is age and grade appropriate, in addition to any other programmatic or instructional component approved by the department, which shall not include instruction and demonstrations on the application and use of condoms. Abstinence-plus education may discuss other contraceptives, the nature, causes and effects of sexually transmitted diseases, or the prevention of sexually transmitted diseases, including HIV/AIDS, along with a factual presentation of the risks and failure rates.

(4) Any course containing sex-related education offered in the public schools shall include instruction in either abstinence-only or abstinence-plus education.

(5) Local school districts, in their discretion, may host programs designed to teach parents how to discuss abstinence with their children.

(6) There shall be no effort in either an abstinence-only or an abstinence-plus curriculum to teach that abortion can be used to prevent the birth of a baby.

(7) At all times when sex-related education is discussed or taught, boys and girls shall be separated according to gender into different classrooms, sex-related education instruction may not be conducted when boys and girls are in the company of any students of the opposite gender.

(8) This section shall stand repealed on July 1, 2024.

In making the first appointments, five (5) members shall be appointed for a term of one (1) year, five (5) members shall be appointed for a term of two (2) years, five (5) members shall be appointed for a term of three (3) years, and five (5) members shall be appointed for a term of four (4) years. **§ 37-17-13. Abolition of school districts declared to be in state of emergency; powers of board of education with regard to such school districts; reconstitution, etc., of districts; alternative procedures for appointment of new local school board for district [Subsection 4 repealed effective July 1, 2023].**

(1) Whenever the Governor declares a state of emergency in a school district in response to a certification by the State Board of Education and the Commission on School Accreditation made under Section 37-17-6(12)(b), the State Board of Education, in addition to any actions taken under Section 37-17-6, may abolish the school district and assume control and administration of the schools formerly constituting the district, and appoint an interim superintendent to carry out this purpose under the direction of the State Board of Education. In such case, the State Board of Education shall have all powers which were held by the previously existing school board, and the previously existing superintendent of schools or county superintendent of education, including, but not limited to, those enumerated in Section 37-7-301, and the authority to request tax levies from the appropriate governing authorities for the support of the schools and to receive and expend the tax funds as provided by Section 37-57-1 et seq. and Section 37-57-105 et seq.

(2) When a school district is abolished under this section, loans from the School District Emergency Assistance Fund may be made by the State Board of Education for the use and benefit of the schools formerly constituting the district in accordance with the procedures set forth in Section 37-17-6(15) for such loans to the district. The abolition of a school district under this section shall not impair or release the property of that school district from liability for the payment of the loan indebtedness, and it shall be the duty of the appropriate governing authorities to levy taxes on the property of the district so abolished from year to year according to the terms of the indebtedness until same shall be fully paid.

(3) After a school district is abolished under this section, at such time as the State Board of Education determines that the impairments have been substantially corrected after a period of maintaining a "C" accountability rating for five (5) consecutive years, unless the State Board of Education determines that the district is eligible to return to local control in less than the five-year period, the State Board of Education shall reconstitute, reorganize or change or alter the boundaries of the previously existing district; however, no partition or assignment of territory formerly included in the abolished district to one or more other school districts may be made by the State Board of Education without the consent of the school board of the school district to which such territory is to be transferred, such consent to be spread upon its minutes. At that time, the State Board of Education, in appropriate cases, shall notify the appropriate governing authority or authorities of its action and request them to provide for the election or appointment of school board members in the manner provided by law. In the event the applicable statute

provides that vacancies in an all-elected membership of the school board will be filled by appointment by the remaining members of the school board and no members of the school board remain in office, the Governor shall call a special election to fill the vacancies. In such situations, the Governor will set the date of the special election and the election will be conducted by the county election commission. The State Board of Education shall also request the governing authority or authorities to provide for the appointment of a superintendent or superintendents to govern the reconstituted, reorganized or changed district or districts, which such appointed position shall apply in all school districts including those school districts in which the position of superintendent was previously an elected office. A board member or superintendent in office at the time the Governor declares a state of emergency in a school district to be abolished shall not be eligible to serve in that office for the school district reconstituted, reorganized or changed after the Governor declares that an emergency no longer exists.

(4) As an alternative to the procedure set forth in subsection (3), in the event a local school board is abolished by the State Board of Education pursuant to this section, after the State Board of Education determines that the impairments are being substantially corrected and the responsibility of the district transformation in such district upon the conclusion of the final scholastic year in which a district has maintained a "C" accountability rating for five (5) consecutive years, unless the State Board of Education determines that the district is eligible to return to local control in less than the five-year period, the State Board of Education may appoint a new five-member board for the administration of the school district and shall notify the local county board of supervisors and/or municipal governing authority of such appointment, spreading the names of the new school board members on its minutes. The new local school board members shall be residents of the school district. The new local school board members appointed by the State Board of Education may serve in an advisory capacity to the interim superintendent for its first year of service and thereafter shall have full responsibility to administer the school district. Thirty (30) days prior to the end of the first year of office as an advisory board, each member shall draw lots to determine when the members shall rotate off the board as follows: one (1) member shall serve a one-year term of office; one (1) member shall serve a two-year term of office; one (1) member shall serve a three-year term of office; one (1) member shall serve a four-year term of office; and one (1) member shall serve a five-year term of office. At that time, the State Board of Education shall notify the appropriate board of supervisors or municipal governing authority of this action and request them to provide for the election or appointment of school board members at the end of the terms of office in the manner provided by law, in order for the local residents of the school district to select a new school board on a phased-in basis. In such situations, the Governor will set the date of any necessary special election which shall be conducted by the county election commission. The State Board of Education shall also request the new school board to provide for the appointment of a superintendent to govern the reconstituted or

reorganized school district, including those school districts in which the position of superintendent was previously an elected office. A board member or superintendent in office at the time the Governor declares a state of emergency in a school district shall not be eligible to serve in the office of school board member or superintendent for the school district reconstituted or reorganized following the district transformation period.

This subsection (4) shall stand repealed from and after July 1, 2023.

**HISTORY:** Laws, 1996, ch. 302, § 2; Laws, 1999, ch. 421, § 4; Laws, 2007, ch. 518, § 2; Laws, 2012, ch. 525, § 2; Laws, 2013, ch. 331, § 1; Laws, 2013, ch. 363, § 1; Laws, 2015, ch. 485, § 1; Laws, 2017, ch. 439, § 2, eff from and after July 1, 2017; Laws, 2020, ch. 340, § 1, eff from and after July 1, 2020.

**Amendment Notes** — The 2020 amendment extended the date of the repealer for (4) by substituting “July 1, 2023” for “July 1, 2020” in the last paragraph.

It is the intent of the Legislature that any state funds made available for salaries of licensed personnel in excess of the funds paid for such salaries for the 1986-1987 school year shall be paid to licensed personnel pursuant to a personnel appraisal and compensation system implemented by the State Board of Education. The State Board of Education shall have the authority to adopt and amend rules and regulations as are necessary to establish, administer and maintain the system.

All teachers employed on a full-time basis shall be paid a minimum salary in accordance with the above scale. However, no school district shall receive any funds under this section for any school year during which the local supplement paid to any individual teacher shall have been reduced to a sum less than that paid to that individual teacher for performing the same duties from local supplement during the immediately preceding school year. The amount actually spent for the purposes of group health and/or life insurance

shall be considered as a part of the aggregate amount of local supplement but shall not be considered a part of the amount of individual local supplement.

The level of professional training of each teacher to be used in establishing the salary allotment for the teachers for each year shall be determined by the type of valid teacher's license issued to those teachers on or before October 1 of the current school year. Provided, however, that school districts are authorized, in their discretion, to negotiate the salary levels applicable to certificated employees who are receiving retirement benefits from the retirement system of another state, and the annual experience increment provided above in Section 37-19-7 shall not be applicable to any such retired certificated employee.

(2)(a) The following employees shall receive an annual salary supplement in the amount of Six Thousand Dollars (\$6,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

(i) Any licensed teacher who has met the requirements and acquired a Master Teacher certificate from the National Board for Professional Teaching Standards and who is employed by a local school board or the State Board of Education as a teacher and not as an administrator. Such teacher shall submit documentation to the State Department of Education that the certificate was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the teacher shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year.

(ii) A licensed nurse who has met the requirements and acquired a certificate from the National Board for Certification of School Nurses, Inc., and who is employed by a local school board or the State Board of Education as a school nurse and not as an administrator. The licensed school nurse shall submit documentation to the State Department of Education that the certificate was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school nurse shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. Provided, however, that the total number of licensed school nurses eligible for a salary supplement under this subparagraph (ii) shall not exceed thirty-five (35).

(iii) Any licensed school counselor who has met the requirements and acquired a National Certified School Counselor (NCSC) endorsement from the National Board of Certified Counselors and who is employed by a local school board or the State Board of Education as a counselor and not as an administrator. Such licensed school counselor shall submit documentation to the State Department of Education that the endorsement was received prior to October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed school counselor shall submit such documentation to the State Department of Education prior to February 15 in order to be eligible for a prorated salary supplement beginning with the

second term of the school year. However, any school counselor who started the National Board for Professional Teaching Standards process for school counselors between June 1, 2003, and June 30, 2004, and completes the requirements and acquires the Master Teacher certificate shall be entitled to the master teacher supplement, and those counselors who complete the process shall be entitled to a one-time reimbursement for the actual cost of the process as outlined in paragraph (b) of this subsection.

(iv) Any licensed speech-language pathologist and audiologist who has met the requirements and acquired a Certificate of Clinical Competence from the American Speech-Language-Hearing Association and any certified academic language therapist (CALT) who has met the certification requirements of the Academic Language Therapy Association and who is employed by a local school board or is employed by a state agency under the State Personnel Board. The licensed speech-language pathologist and audiologist and certified academic language therapist shall submit documentation to the State Department of Education that the certificate or endorsement was received before October 15 in order to be eligible for the full salary supplement in the current school year, or the licensed speech-language pathologist and audiologist and certified academic language therapist shall submit the documentation to the State Department of Education before February 15 in order to be eligible for a prorated salary supplement beginning with the second term of the school year. However, the total number of certified academic language therapists eligible for a salary supplement under this subparagraph (iv) shall not exceed twenty (20).

(b) An employee shall be reimbursed for the actual cost of completing each component of acquiring the certificate or endorsement, excluding any costs incurred for postgraduate courses, not to exceed Five Hundred Dollars (\$500.00) for each component, not to exceed four (4) components, for a teacher, school counselor or speech-language pathologist and audiologist, regardless of whether or not the process resulted in the award of the certificate or endorsement. A local school district or any private individual or entity may pay the cost of completing the process of acquiring the certificate or endorsement for any employee of the school district described under paragraph (a), and the State Department of Education shall reimburse the school district for such cost, regardless of whether or not the process resulted in the award of the certificate or endorsement. If a private individual or entity has paid the cost of completing the process of acquiring the certificate or endorsement for an employee, the local school district may agree to directly reimburse the individual or entity for such cost on behalf of the employee.

(c) All salary supplements, fringe benefits and process reimbursement authorized under this subsection shall be paid directly by the State Department of Education to the local school district and shall be in addition to its minimum education program allotments and not a part thereof in accordance with regulations promulgated by the State Board of Education. Local

school districts shall not reduce the local supplement paid to any employee receiving such salary supplement, and the employee shall receive any local supplement to which employees with similar training and experience otherwise are entitled. However, an educational employee shall receive the salary supplement in the amount of Six Thousand Dollars (\$6,000.00) for only one (1) of the qualifying certifications authorized under paragraph (a) of this subsection. No school district shall provide more than one (1) annual salary supplement under the provisions of this subsection to any one individual employee holding multiple qualifying national certifications.

(d) If an employee for whom such cost has been paid, in full or in part, by a local school district or private individual or entity fails to complete the certification or endorsement process, the employee shall be liable to the school district or individual or entity for all amounts paid by the school district or individual or entity on behalf of that employee toward his or her certificate or endorsement.

(3) The following employees shall receive an annual salary supplement in the amount of Four Thousand Dollars (\$4,000.00), plus fringe benefits, in addition to any other compensation to which the employee may be entitled:

Effective July 1, 2016, if funds are available for that purpose, any licensed teacher who has met the requirements and acquired a Master Teacher Certificate from the National Board for Professional Teaching Standards and who is employed in a public school district located in one (1) of the following counties: Claiborne, Adams, Jefferson, Wilkinson, Amite, Bolivar, Coahoma, Leflore, Quitman, Sharkey, Issaquena, Sunflower, Washington, Holmes, Yazoo and Tallahatchie. The salary supplement awarded under the provisions of this subsection (3) shall be in addition to the salary supplement awarded under the provisions of subsection (2) of this section.

Teachers who meet the qualifications for a salary supplement under this subsection (3) who are assigned for less than one (1) full year or less than full time for the school year shall receive the salary supplement in a prorated manner, with the portion of the teacher's assignment to the critical geographic area to be determined as of June 15th of the school year.

(4)(a) This section shall be known and may be cited as the "Mississippi Performance-Based Pay (MPBP)" plan. In addition to the minimum base pay described in this section, only after full funding of MAEP and if funds are available for that purpose, the State of Mississippi may provide monies from state funds to school districts for the purposes of rewarding certified teachers, administrators and nonlicensed personnel at individual schools showing improvement in student test scores. The MPBP plan shall be developed by the State Department of Education based on the following criteria:

(i) It is the express intent of this legislation that the MPBP plan shall utilize only existing standards of accreditation and assessment as established by the State Board of Education.

(ii) To ensure that all of Mississippi's teachers, administrators and nonlicensed personnel at all schools have equal access to the monies set

aside in this section, the MPBP program shall be designed to calculate each school's performance as determined by the school's increase in scores from the prior school year. The MPBP program shall be based on a standardized scores rating where all levels of schools can be judged in a statistically fair and reasonable way upon implementation. At the end of each year, after all student achievement scores have been standardized, the State Department of Education shall implement the MPBP plan.

(iii) To ensure all teachers cooperate in the spirit of teamwork, individual schools shall submit a plan to the local school district to be approved before the beginning of each school year beginning July 1, 2008. The plan shall include, but not be limited to, how all teachers, regardless of subject area, and administrators will be responsible for improving student achievement for their individual school.

(b) The State Board of Education shall develop the processes and procedures for designating schools eligible to participate in the MPBP. State assessment results, growth in student achievement at individual schools and other measures deemed appropriate in designating successful student achievement shall be used in establishing MPBP criteria. The State Board of Education shall develop the MPBP policies and procedures and report to the Legislature and Governor by December 1, 2006.

(5)(a) Beginning in the 2008-2009 school year, if funds are available for that purpose, each school in Mississippi shall have mentor teachers, as defined by Sections 37-9-201 through 37-9-213, who shall receive additional base compensation provided for by the State Legislature in the amount of One Thousand Dollars (\$1,000.00) per each beginning teacher that is being mentored. The additional state compensation shall be limited to those mentor teachers that provide mentoring services to beginning teachers. For the purposes of such funding, a beginning teacher shall be defined as any teacher in any school in Mississippi that has less than one (1) year of classroom experience teaching in a public school. For the purposes of such funding, no full-time academic teacher shall mentor more than two (2) beginning teachers.

(b) To be eligible for this state funding, the individual school must have a classroom management program approved by the local school board.

(6) Effective with the 2014-2015 school year, the school districts participating in the Pilot Performance-Based Compensation System pursuant to Section 37-19-9 may award additional teacher and administrator pay based thereon.

**Amendment Notes** — The first 2021 amendment (ch. 410), in (1), in the first paragraph, substituted “public school district” for “county and separate school district” in the first sentence, inserted “AND SUBSEQUENT SCHOOL YEARS” in the heading of the 2019-2020 salary schedule table, and in the fourth paragraph, substituted “licensed employees” for “certificated employees” and made a minor stylistic change in the last sentence; in (2)(a), deleted the former last sentence of (ii), which read: “Provided, however, that the total number of licensed school nurses eligible for a salary supplement under this subparagraph (ii) shall not exceed thirty-five (35),” in (iv), deleted “or is employed by a state agency under the State Personnel Board” at the end of the first sentence, and deleted the former last sentence, which read: “However, the total number of certified academic language therapists eligible for a salary supplement under this paragraph (iv) shall not exceed twenty (20),” and added (v); in (2)(c), substituted “adequate education program” for “minimum education program” in the first sentence; in (4), substituted “licensed teachers” for “certified teachers” in the second sentence of (a), and deleted the former last sentence of (b), which read: “The State Board of Education shall develop the MPBP policies and procedures and report to the Legislature and Governor by December 1, 2006”; and in (5)(a), deleted “Beginning in the 2008-2009 school year” from the beginning.”

EARLY CHILDHOOD EDUCATION PROGRAMS

Sec.	
37-21-7.	Mississippi Elementary Schools Assistant Teacher Program.

§ 37-21-7. Mississippi Elementary Schools Assistant Teacher Program.

(1) This section shall be referred to as the “Mississippi Elementary Schools Assistant Teacher Program,” the purpose of which shall be to provide an early childhood education program that assists in the instruction of basic skills. The State Board of Education is authorized, empowered and directed to implement a statewide system of assistant teachers in kindergarten classes and in the first, second and third grades. The assistant teacher shall assist pupils in actual instruction under the strict supervision of a licensed teacher.

(2)(a) Except as otherwise authorized under subsection (7), each school district shall employ the total number of assistant teachers funded under subsection (6) of this section. The superintendent of each district shall assign the assistant teachers to the kindergarten, first-, second- and third-grade classes in the district in a manner that will promote the maximum efficiency, as determined by the superintendent, in the instruction of skills such as verbal and linguistic skills, logical and mathematical skills, and social skills.

(b) If a licensed teacher to whom an assistant teacher has been assigned is required to be absent from the classroom, the assistant teacher may assume responsibility for the classroom in lieu of a substitute teacher. However, no assistant teacher shall assume sole responsibility of the classroom for more than three (3) consecutive school days. Further, in no event shall any assistant teacher be assigned to serve as a substitute teacher for any teacher other than the licensed teacher to whom that assistant teacher has been assigned.

(3) Assistant teachers shall have, at a minimum, a high school diploma or a High School Equivalency Diploma equivalent, and shall show demonstratable proficiency in reading and writing skills. The State Department of Education shall develop a testing procedure for assistant teacher applicants to be used in all school districts in the state.

(4)(a) In order to receive funding, each school district shall:

(i) Submit a plan on the implementation of a reading improvement program to the State Department of Education; and

(ii) Develop a plan of educational accountability and assessment of performance, including pretests and posttests, for reading in Grades 1 through 6.

(b) Additionally, each school district shall:

(i) Provide annually a mandatory preservice orientation session, using an existing in-school service day, for administrators and teachers on the effective use of assistant teachers as part of a team in the classroom setting and on the role of assistant teachers, with emphasis on program goals;

(ii) Hold periodic workshops for administrators and teachers on the effective use and supervision of assistant teachers;

(iii) Provide training annually on specific instructional skills for assistant teachers;

(iv) Annually evaluate their program in accordance with their educational accountability and assessment of performance plan; and

(v) Designate the necessary personnel to supervise and report on their program.

(5) The State Department of Education shall:

(a) Develop and assist in the implementation of a statewide uniform training module, subject to the availability of funds specifically appropriated therefor by the Legislature, which shall be used in all school districts for training administrators, teachers and assistant teachers. The module shall provide for the consolidated training of each assistant teacher and teacher to whom the assistant teacher is assigned, working together as a team, and shall require further periodic training for administrators, teachers and assistant teachers regarding the role of assistant teachers;

(b) Annually evaluate the program on the district and state level. Subject to the availability of funds specifically appropriated therefor by the Legislature, the department shall develop: (i) uniform evaluation reports, to be performed by the principal or assistant principal, to collect data for the annual overall program evaluation conducted by the department; or (ii) a program evaluation model that, at a minimum, addresses process evaluation; and

(c) Promulgate rules, regulations and such other standards deemed necessary to effectuate the purposes of this section. Noncompliance with the provisions of this section and any rules, regulations or standards adopted by the department may result in a violation of compulsory accreditation standards as established by the State Board of Education and the Commission on School Accreditation.

(6) In addition to other funds allotted under the Minimum Education or Adequate Education Program, each school district shall be allotted sufficient funding for the purpose of employing assistant teachers. No assistant teacher shall be paid less than the amount he or she received in the prior school year. No school district shall receive any funds under this section for any school year during which the aggregate amount of the local contribution to the salaries of assistant teachers by the district shall have been reduced below such amount for the previous year.

For assistant teachers, the minimum annual salary shall be as follows:

2021-2022 Minimum Salary..... \$15,000.00

In addition, for each one percent (1%) that the Sine Die General Fund Revenue Estimate Growth exceeds five percent (5%) in fiscal year 2006, as certified by the Legislative Budget Office to the State Board of Education and subject to the specific appropriation therefor by the Legislature, the State Board of Education shall revise the salary scale in the appropriate year to provide an additional one percent (1%) across-the-board increase in the base salaries for assistant teachers. The State Board of Education shall revise the salaries prescribed above for assistant teachers to conform to any adjustments made in prior fiscal years due to revenue growth over and above five percent (5%). The assistant teachers shall not be restricted to working only in the grades for which the funds were allotted, but may be assigned to other classes as provided in subsection (2)(a) of this section.

(7)(a) As an alternative to employing assistant teachers, any school district may use the allotment provided under subsection (6) of this section for the purpose of employing licensed teachers for kindergarten, first-, second- and third-grade classes; however, no school district shall be authorized to use the allotment for assistant teachers for the purpose of employing licensed teachers unless the district has established that the employment of licensed teachers using such funds will reduce the teacher:student ratio in the kindergarten, first-, second- and third-grade classes. All state funds for assistant teachers shall be applied to reducing teacher:student ratio in Grades K-3.

It is the intent of the Legislature that no school district shall dismiss any assistant teacher for the purpose of using the assistant teacher allotment to employ licensed teachers. School districts may rely only upon normal attrition to reduce the number of assistant teachers employed in that district.

(b) Districts meeting the highest levels of accreditation standards, as defined by the State Board of Education, shall be exempted from the provisions of subsection (4) of this section.

**§ 37-21-51. Definitions; legislative findings; Early Learning Collaborative Act of 2013; implementation of voluntary prekindergarten program; application for and use of program funds; criteria for awarding funds; funds to be appropriated on phased-in basis.**

(1) As used in this section:

(a) “Preschool or prekindergarten children” means any children who have not entered kindergarten but will have obtained four (4) years of age on or before September 1 of a school year.

(b) An “early learning collaborative” is a district or countywide council that writes and submits an application to participate in the voluntary prekindergarten program. An early learning collaborative is comprised, at a minimum, of a public school district and/or a local Head Start affiliate if in existence, private or parochial schools, or one or more licensed child care centers. Agencies or other organizations that work with young children and their families may also participate in the collaborative to provide resources and coordination even if those agencies or organizations are not prekindergarten providers.

(c) A “prekindergarten provider” is a public, private or parochial school, licensed child care center or Head Start center that serves prekindergarten children and participates in the voluntary prekindergarten program.

(d) A “lead partner” is a public school district or other nonprofit entity with the instructional expertise and operational capacity to manage the early learning collaborative’s prekindergarten program as described in the collaborative’s approved application for funds. The lead partner serves as the fiscal agent for the collaborative and shall disburse awarded funds in accordance with the collaborative’s approved application. The lead partner must facilitate a professional learning community for the teachers in the prekindergarten program and lead the collaborative. The lead partner ensures that the collaborative adopts and implements curriculum and assessments that align with the comprehensive early learning standards. The public school district shall be the lead partner if no other qualifying lead partner is selected.

(e) “Comprehensive early learning standards” are standards adopted by the State Board of Education that address the highest level of fundamental domains of early learning to include, but not be limited to, physical well-being and motor development, social/emotional development, approaches toward learning, language development and cognition and general

knowledge. The comprehensive early learning standards shall also include standards for emergent literacy skills, including oral communication, knowledge of print and letters, phonological and phonemic awareness, and vocabulary and comprehension development.

(f) An evidence-based curriculum is an age-appropriate curriculum that demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on:

(i) Strong evidence from at least one (1) well-designed and well-implemented experimental study;

(ii) Moderate evidence from at least one (1) well-designed and well-implemented quasi-experimental study; or

(iii) Promising evidence from at least one (1) well-designed and well-implemented correlational study with statistical controls for selection bias.

(2) To ensure that all children have access to quality early childhood education and development services, the Legislature finds and declares the following:

(a) Parents have the primary duty to educate their young preschool children;

(b) The State of Mississippi can assist and educate parents in their role as the primary caregivers and educators of young preschool children;

(c) There is a need to explore innovative approaches and strategies for aiding parents and families in the education and development of young preschool children; and

(d) There exists a patchwork of prekindergarten entities but no coordination of services and there needs to be a coordination of these services.

(3)(a) This subsection shall be known and may be cited as the “Early Learning Collaborative Act of 2013.”

(b) Effective with the 2013-2014 school year, the Mississippi State Department of Education shall establish a voluntary prekindergarten program, which shall be a collaboration among the entities providing prekindergarten programs including Head Start, licensed child care facilities and licensed public, parochial and private school prekindergarten programs. This program shall be implemented no later than the 2014-2015 school year. Enrollment in the prekindergarten program shall be coordinated with the Head Start agencies in the local areas and shall not be permitted to cause a reduction in children served by the Head Start program. Under this program, eligible entities may submit an application for funds to (i) defray the cost of additional and/or more qualified teaching staff, appropriate educational materials and equipment and to improve the quality of educational experiences offered to four-year-old children in early care and education programs, and/or to (ii) extend developmentally appropriate education services at such programs currently serving four-year-old children to include practices of high quality instruction, and to (iii) administer, implement, monitor and evaluate the programs, and to (iv) defray the cost of professional development and age-appropriate child assessment.

(c) Subject to the availability of funds appropriated therefor, the State Department of Education shall administer the implementation, monitoring and evaluation of the voluntary prekindergarten program, including awards and the application process.

(i) The department shall establish a rigorous and transparent application process for the awarding of funds. Lead partners shall submit the applications on behalf of their early learning collaborative.

(ii) The department will establish monitoring policies and procedures that, at a minimum, will include at least one (1) site visit a year.

(iii) The department will provide technical assistance to collaboratives and their providers to improve the quality of prekindergarten programs. Technical assistance may include classroom-embedded support for teachers and assistant teachers.

(iv) The department will evaluate the effectiveness of each early childhood collaborative and each prekindergarten provider. If the State Department of Education adopts a statewide kindergarten screening that assesses the readiness of each student for kindergarten, the State Department of Education shall adopt a minimum rate of readiness that each prekindergarten provider must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program must submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

(d) Prekindergarten program funds shall be awarded to early childhood collaboratives whose proposed programs meet the program criteria. The criteria shall include:

(i) Voluntary enrollment of children;

(ii) Collaboration among prekindergarten providers and other early childhood programs through the establishment of an early learning collaborative;

(iii) Qualifications of master teachers, teachers and assistants, which must conform to guidelines in Section 37-21-3;

(iv) At least fifteen (15) hours of annual professional development for program instructional staff, including professional development in early literacy, and individualized professional development plans for all teachers and teaching assistants supplemented by classroom-embedded support on an as-needed basis;

(v) The use of state-adopted comprehensive early learning standards;

(vi) The use of a curriculum based on strong evidence as defined in subsection (1)(f)(i) of this section and aligned with the comprehensive early learning standards;

(vii) The use of a curriculum based on moderate evidence as defined in subsection (1)(f)(ii) of this section and aligned with the comprehensive early learning standards if no strong-evidence curriculum is available;

(viii) The use of a curriculum based on promising evidence as defined in subsection (1)(f)(iii) of this section and aligned with the comprehensive

early learning standards if no strong-evidence curriculum or moderate-evidence curriculum is available;

(ix) The use of age-appropriate assessments aligned to the comprehensive early learning standards;

(x) Teacher/child ratios of one (1) adult for every ten (10) children with a maximum of twenty (20) children per classroom and a minimum of five (5) children per classroom;

(xi) The provision of at least one (1) meal meeting state and federal nutrition guidelines for young children;

(xii) Plans to screen and/or refer children for vision, hearing and other health issues;

(xiii) Family engagement opportunities;

(xiv) Plans to serve children with disabilities as indicated under IDEA;

(xv) The number of instructional hours to be provided, which shall equal no less than five hundred forty (540) instructional hours per school year for half-day programs and one thousand eighty (1,080) instructional hours per school year for full-day programs; and

(xvi) A budget detailing the use of funds for allowed expenses.

Participating child care centers shall: (a) meet state child care facility licensure requirements unless exempted under Section 43-20-5, Mississippi Code of 1972, and (b) select and utilize a nationally recognized assessment tool, approved by the State Department of Education, designed to document classroom quality, which must be in place not later than July 1, 2016, as certified by the State Department of Education.

Within the prekindergarten program, a prekindergarten provider must comply with the antidiscrimination requirements applicable to public schools. A prekindergarten provider may not discriminate against a parent or child, including the refusal to admit a child for enrollment in the prekindergarten program, in violation of these antidiscrimination requirements. However, a prekindergarten provider may refuse to admit a child based on the provider's standard eligibility guidelines, provided that these guidelines do not violate the antidiscrimination requirements. Consistent with the Legislature's recognition of the primacy of a parent's role in the education of a preschool-age child and the related recognition of the state in assisting and educating parents in that role, if the State Department of Education adopts a statewide kindergarten screening that assesses the readiness of each student for kindergarten, the State Department of Education shall recognize each child's unique pattern of development when adopting a minimum rate of readiness that prekindergarten providers must meet in order to remain eligible for prekindergarten program funds. Each parent who enrolls his or her child in the prekindergarten program may submit the child for the statewide kindergarten screening, regardless of whether the child is admitted to kindergarten in a public school.

The State Department of Education may add program criteria not inconsistent with these requirements and shall develop policies and procedures to implement and enforce these criteria.

(e) The State Department of Education shall ensure that early learning collaboratives provide each parent enrolling a child in the voluntary prekindergarten program with a profile of every prekindergarten provider participating in the collaborative's geographic catchment area. The State Department of Education shall prescribe the information to be included in each profile as well as the format of the profiles. At a minimum, the profiles must include the prekindergarten provider's services, curriculum, instructor credentials and instructor-to-student ratio.

(f) A teacher, assistant teacher or other employee whose salary and fringe benefits are paid from state funds under this act shall only be classified as a state or local school district employee eligible for state health insurance benefits or membership in the Public Employees' Retirement System, if the person's employer is already an agency or instrumentality of the state, such as a school district, and the employee would be eligible for such benefits in the normal course of business.

(g) Funding shall be provided for this program beginning with the 2014 fiscal year subject to appropriation by the Legislature as provided in paragraph (h) of this subsection. The department shall make an annual report to the Legislature and the Governor regarding program operations and outcomes. Every three (3) years, with the first report due July 1, 2023, the department shall provide to the Legislature and the Governor a rigorous evaluation of program effectiveness using longitudinal data to measure short-term and long-term effects, including both achievement and non-achievement effects. After each three-year report, the PEER Committee shall review the three-year report and the intervening annual reports and submit an independent summary of its findings prior to the next legislative session.

(h)(i) The Legislature shall appropriate funds to implement the Early Education Collaborative Act of 2013 on a phased-in basis as follows:

1. The first phase shall be based on an annual state appropriation of not more than Eight Million Dollars (\$8,000,000.00) and shall serve approximately three thousand five hundred (3,500) children through five (5) to eight (8) early learning collaboratives and their prekindergarten providers;

2. The second phase shall be based on an annual state appropriation of not more than Sixteen Million Dollars (\$16,000,000.00) and shall serve approximately seven thousand (7,000) children through ten (10) to fifteen (15) early learning collaboratives and their prekindergarten providers;

3. The third phase shall be based on an annual state appropriation of not more than Thirty-three Million Nine Hundred Fifty Thousand Dollars (\$33,950,000.00) and shall serve approximately fifteen thousand (15,000) children through twenty (20) to twenty-five (25) early learning collaboratives and their prekindergarten providers.

(ii) Future phases shall be based on interest in the program and the effectiveness of the program as determined by the school readiness of

participants. Each phase shall last for at least three (3) years but no more than five (5) years. The State Department of Education shall determine when to move to a new phase of the program, within the timeline provided herein.

(iii) Funding shall be provided to early learning collaboratives on the basis of Two Thousand One Hundred Fifty Dollars (\$2,150.00) per student in a full-day program per student in a full-day program and One Thousand Seventy-five Dollars (\$1,075.00) per student in a half-day program proposed in the collaborative's approved application. Once an early learning collaborative's plan is approved and funded, the collaborative and/or its prekindergarten providers shall receive funds on an ongoing basis unless the collaborative and/or its prekindergarten providers no longer meet the criteria to participate in the program.

(iv) Early learning collaboratives shall match state funds on a 1:1 basis. Local matching funds may include local tax dollars, federal dollars as allowed, parent tuition, philanthropic contributions, or in-kind donations of facilities, equipment and services required as part of the program such as food service or health screenings.

(v) The State Department of Education shall reserve no more than five percent (5%) of the appropriation in any year for administrative costs. Funds remaining after awards to early learning collaboratives and the department's administrative needs are met may be carried over in the following year. In the first year of implementation of the program, the department may delay the awarding of funds until the 2014-2015 school year should time not be sufficient to establish the program's operation prior to the 2013-2014 school year.

(vi) In the initial phase of implementation, the State Department of Education shall award state funds under the Early Learning Collaborative Act of 2013 based on a community's capacity, commitment and need. To determine capacity, commitment and need, the State Department of Education shall require evidence of existing strong local collaborations of early education stakeholders. Such evidence shall include, but not be limited to, collaborations resulting from any of the following:

1. Participation in Excel By 5;
2. Participation in supporting Partnerships to Assure Ready Kids (SPARK);
3. Participation in the Gilmore Early Learning Initiative (GELI); or
4. Participation in the Mississippi Building Blocks.

In determining community need, the department shall consider low academic achievement within the public school districts participating in an applicant early learning collaborative and the number and percentage of children without quality prekindergarten options.

(vii) All authority granted to the State Department of Education to establish program rules is subject to the public processes established in the provisions of the Mississippi Administrative Procedures Law, including, but not limited to, filing notice of the proposed rules, public hearings

and any economic impact statement with the Office of the Secretary of State before presenting such information to the State Board of Education for final approval.
